

# THE RODON GROUP

## Item # 462 - Self Tapping Thread Protectors

Note: Self tapping thread protectors have 1-2 threads molded-in to get them started. As nuts are turned onto threaded shaft, they self-tap the remaining distance creating a snug threaded fit.

H = Height

D = Washer Diameter

|                           |           |
|---------------------------|-----------|
| <b>Part Number</b>        | 462       |
| <b>Acorn Hex Nut Size</b> | 1/2"      |
| <b>Height</b>             | .500"     |
| <b>Thread Size</b>        | 5/16 - 18 |
| <b>Washer Diameter</b>    | .625"     |
